RENEGADE®

Jeep®

ADVENTURE. *It manifests any number of ways. Wanderlust. A longing to learn. An appreciation for living in the moment with a simple curiosity for what lies beyond the next turn. Here's to making the most of the next 75 adventurous years.*

SINCE 1941

CELEBRATING
75
YEARS

— of the —

GO ANYWHERE,
DO ANYTHING®
SPIRIT

EVERYWHERE IS AN ADVENTURE.

Explore the world with efficient determination.

Freedom riders with fuel-efficient sensibilities can have it all, thanks to the available Jeep® Active Drive 4x4 systems. Take on tough trails and icy roads alike in four-wheel drive, then actively transition to an efficient front-wheel drive using the system's Selec-Terrain® dial in Auto mode. The world is your playground. Get in and get going.

9-SPEED AUTOMATIC
TRANSMISSION

*EVERYWHERE TURNS INTO
AN ADVENTURE WHEN YOU
LIVE THE LIFE OF A RENEGADE.®*

BRING IT ON. The generous interior volume of Renegade® (1297 liters with rear seats folded) lets you accommodate all the things you need to make every trip all-inclusive, including the gear, the people and the pets. The available 40/20/40 split-folding rear seat with pass-through can be configured to fit life's necessities and extras.

9-SPEED AUTO TRANS. Efficient, responsive and smooth. That's how you describe Renegade's available 9-speed automatic transmission. Economies are maximized and performance is always optimal. Matched to the powerful 2.4 Tigershark® engine, quick takeoffs and a consistently refined performance are assured. Also available on the 2.0 Turbo Diesel I-4 engine and 1.4 MultiAir® Turbo I-4 engine.

CORNERING FRONT FOG LAMPS. This helpful available feature sends more illumination into the area that you're turning toward, exposing curbs, potential potholes, ice patches and other driving hazards. Turn the steering wheel or activate the turn signal and the corresponding fog lamps automatically go on, helping drivers to safely navigate dark corners. Rear fog lamps are standard.

LONG LIVE
YOUR DREAMS
FULFILLED.

Life calls and we respond. We connect with what is real. Renegade® puts this kind of freedom well within your grasp, backed by authentic Jeep® brand engineering and legendary style. It's about going the distance, without losing ground. It's about seeking what you find, and finding something more.

EXPANSIVE HEAD AND HIP ROOM. *This roomy interior gives everyone plenty of personal space. It's the opposite of feeling cramped and quartered, like you do in other smaller vehicles. Rear-seat passengers can let their feet breathe and stretch, thanks to the wide track of the front seats.*

DUAL-ZONE AUTOMATIC CLIMATE CONTROL. *This available feature provides separate controls for the driver and front passenger that allow independent adjustments for temperatures. Air vents are positioned to send custom streams of warmth or air conditioned comfort toward the driver and passengers.*

CUSHIONED WHERE IT COUNTS. *Standard cloth seats or available leather-trimmed seats are contoured and cushioned for cruising, and accented with eye-catching contrast stitching. Upgrade to the available eight-way power-adjustable driver – and front – passenger seats and enjoy top-notch bottom-line comfort. The available front-passenger in-seat cushion storage provides a secure spot to store laptops and other valuable items.*

JEEP® ACTIVE DRIVE 4x4. This authentic available, Jeep® brand engineered system features a rear axle disconnect function that seamlessly switches between two- and four-wheel drive, helping Renegade® achieve remarkable efficiencies. When Active Drive's companion traction management system, Selec-Terrain®, is dialed to Auto mode, Renegade automatically detects when its powerful 4x4 capabilities are needed to come to the rescue, and when you're safe to cruise in fuel-saving two-wheel drive.

JEEP ACTIVE DRIVE 4x4 LOW. Delivers legendary 4x4 capability, with Hill Descent Control that helps ensure safe downhill travel. Jeep brand engineering puts you in charge of a 20:1 crawl ratio that can overcome virtually any obstacle. Found exclusively on Renegade Trailhawk®.

FIVE ENGINE OPTIONS. Renegade lets you tailor your powertrain's engine to meet the needs of your adventurous spirit. Choose from the 1.4 MultiAir® Turbo, 1.6 E-torQ, 1.6 Turbo Diesel, 2.0 Turbo Diesel and the 2.4 Tigershark®. Each offers a unique combination of power and torque.

TRAILHAWK.®

Renegade® Trailhawk® arrives with everything you need to test your will against Mother Nature's — and win. Every Trailhawk proudly wears a Trail Rated® badge indicating it has been tested to perform masterfully in five categories. You're fully prepared to reach brand-new heart-pounding heights.

TRAIL RATED® TEST CATEGORIES

TRACTION

Trail Rated traction helps you maintain controlled forward motion. You can climb steep sand dunes and master muddy two-tracks. Others may fear untamed terrain, but your Trail Rated Renegade has the traction within to master all kinds of topography and driving conditions.

WATER FORDING²

Traverse that stream with confidence, thanks to additional electrical and body seals, plus a high air-intake location. Renegade has the capability to safely manage in up to 482.6 mm of water.² Always inspect all waterways before proceeding, just to make sure there are no unforeseen pitfalls.

MANEUVERABILITY

Renegade Trailhawk is born with the athletic ability to navigate narrow gaps or handle emergency situations while maintaining its integrity on the trails. Precision steering and optimized wheelbase allow for expert navigation at all times.

ARTICULATION

Renegade's suspension systems enhance on- and off-road performance by maximizing flexibility, axle articulation and wheel travel. This standard indicates that when one or more wheels are elevated, the Jeep® 4x4 system helps the others stay on the ground longer to keep you moving.

GROUND CLEARANCE

Head out knowing that your Trail Rated Renegade has optimized approach, departure and breakover angles designed to clear logs, rocks and uneven ground. Your undercarriage is protected, too, with forged skid plates that cover your vehicle's most valuable underbody elements.

See life with a new perspective.

Appreciate what lies in the rearview mirror.

Purposefully take the long way home. For

those who yearn for the sky, when you live the

#JeepLife, you'll find so much more than the sun.

MY SKY[®]

Available
*Open-Air
Sunroof System.*

Expand your world with open-air freedom. The two My Sky[®] panels are easily removed and stored in a unique bag flat in the available height-adjustable rear cargo area. Choose from two sunroof options: power retractable and manual removable³ or panoramic glass with fixed rear panel. Power retractable opens the front My Sky panel with the push of a button; manually removable³ lets you take each 4.54 kg panel off with your very own hands — easy peasy for one person to handle. The available Dual-Pane Panoramic Sunroof with a power-operated front shade with tilt-and-slide open uses tempered glass to help keep the sun's rays in check.

=====

RUN WILD. RUN FREE.

*Become exactly what
you're meant to be.*

=====

PRECISION TUNED. From rural roads to the most modern highways, Renegade® delivers a ride that's smooth and quiet, with solid road-hugging handling. Integrated KONI® selective damping front and rear strut systems work together to hand over a distinctive, premium driving experience. Standard.

STAY IN YOUR LANE. LaneSense® Lane Departure Warning with Lane Keep Assist (LDW+)² monitors your lane position using a camera mounted on the back of the rearview mirror. Should you drift outside your lane without using a turn signal, torque is applied to the steering wheel. If the driver continues to drift out of the lane, a message appears on the Driver Information Display (DID). Available.

KEYLESS ENTER 'N GO.™ Keep that forward motion intact. Pocket the system's fob and when the traveling bug strikes, climb in your Renegade, depress the brake or clutch pedal, press a button, shift into gear and take off running. Never fumble for keys again. Available.

CHANGE THE RULES OF THE GAME.

=====

The next detour can take you far.

*No matter what
challenges you face,
keep moving ahead
and stay true to
your heart.*

*Explore the world with confidence.
Move forward with efficient skill.
Enjoy fuel-efficient economies as
well as bold capabilities. Relish
a smooth car-like ride and a
cabin that's chock-full of cubbies,
comfort and helpful technologies.
Comfortably carry passengers and
plenty of cargo with equal ease.
These are the rules of a Renegade.®*

GET A GRIP. Keep your hands safely on the wheel, thanks to the multifunctional Jeep® brand steering wheel with audio controls and other available features. Go for the heated, leather-wrapped steering wheel option, with buttons at hand for cruising.

TOUCHSCREEN DISPLAY. The available Uconnect® 6.5 NAV radio shows full-color graphics on a big 6.5-inch touchscreen display. Vivid and fully interactive, with access to various vehicle settings, integrated Voice Command⁵ and Bluetooth® hands-free⁵ calling and voice texting⁶. GPS navigation takes you exactly where you want to go.

SOUNDS LIKE. Take the base four- or six-speaker system, or go for an easy upgrade to the available BeatsAudio™ Premium Sound System that delivers a studio-quality performance. The system includes nine speakers that are carefully placed throughout the cabin. Sound is amplified with a 400-watt 8-channel BeatsAudio digital amplifier, and a 165mm 10L BeatsAudio subwoofer doing the heavy lifting. Boom boom, they'll hear you before they see you.

PHONE. Plans can change en route. Safely spread the word with a hands-free phone call.⁵ Pair up to your Bluetooth® enabled phone and voice commands⁵ allow you to easily “call Judy” or “redial” as you keep both hands on the wheel. This clever system is also smart enough to synchronize with a compatible phone’s contacts — up to 1000 entries — every time you get into your vehicle.

NAVIGATION. Head out in the right direction with Uconnect® and its available, enhanced GPS wayfinding systems. Opt for the Uconnect 6.5 NAV for enhanced GPS navigation and destination entry via Voice Command.⁵ Find a local restaurant or attraction and get directions with a simple request.

VOICE COMMAND.⁵ It simplifies driving by letting you keep your eyes on the road and your hands on the wheel. Use your voice to select radio stations or make calls. Select navigation destinations or show local fuel prices. This smart technology can understand commands in several languages.

RENEGADE® BRINGS A RANGE OF COMMUNICATION
AND ENTERTAINMENT SERVICES STRAIGHT INTO
YOUR VEHICLE, ALL BUNDLED TOGETHER WITHIN
A ROBUST UCONNECT® SYSTEM.

DESTINATION: EVERYWHERE.

*Take a closer look at the features you'll love best.
Discover what goes into making the Jeep® Renegade®
everything you need.*

D R I V E T R A I N

1.4 MULTIAIR® TURBO ENGINE: MultiAir® technology utilizes electrohydraulic valves for more direct control of air and combustion, improving power up to 10 percent*, fuel efficiency up to 10 percent* and torque up to 15 percent*. Emissions, in turn, are cut an impressive 40 percent. Complies with Euro 6 emissions. **PERFORMANCE STATS:** 140 hp with 230 N•m of torque when equipped with the 6-speed manual and dual dry clutch automatic transmission; 170 hp with 250 N•m of torque when equipped with the 9-speed auto transmission.

1.6 TURBO DIESEL ENGINE: This efficient and clean diesel engine features a high-pressure common-rail fuel injection system and a Diesel Particulate Filter. Variable Geometry Turbocharger (VGT) improves acceleration. **PERFORMANCE STATS:** 120 hp at 320 N•m of torque when equipped with the 6-speed manual transmission.

1.6 E-TORQ ENGINE: For those who value power and efficiency in a gasoline engine, this powerplant provides both. It's matched to a 5-speed manual transmission and, when equipped with the optional Stop/Start Technology, helps conserve energy while functioning optimally. **PERFORMANCE STATS:** 110 hp at 152 N•m of torque when equipped with the 5-speed manual transmission.

2.0 TURBO DIESEL ENGINE: The available and impressively powerful 2.0 Turbo Diesel engine helps stretch your fuel budget. Renegade® can tow up to 1500 kg when properly equipped. Fully complies with Euro 6 emissions. **PERFORMANCE STATS:** 140 hp with 6-speed manual transmission and 170 hp with 9-speed auto transmission. Both producing 350 N•m torque.

2.4 TIGERSHARK® ENGINE: Using acclaimed MultiAir technology with its unique and efficient valve-lift system, the 2.4 Tigershark® engine incorporates a column of oil flow with precise control of intake valve events. This naturally aspirated I-4 burns clean, improves fuel efficiency and reduces emissions with a quiet and refined ride. **PERFORMANCE STATS:** 185 hp at 232 N•m of torque when equipped with the 9-speed auto transmission.

5-SPEED MANUAL TRANSMISSION: This proven transmission has been upgraded for improved shift quality and features quicker acceleration and faster top speed without compromising fuel efficiency. Can easily handle increased torque loads.

6-SPEED MANUAL TRANSMISSION: Matched with the 1.4 MultiAir Turbo, 1.6 Turbo Diesel or 2.0 Turbo Diesel engine, this manual transmission is able to transmit high maximum torque values and aids efficiency, moving through shifts with smooth gear transitions. Cabin noise is kept to a minimum.

6-SPEED DUAL DRY CLUTCH AUTOMATIC TRANSMISSION: Two clutches connect the transmission to the engine, allowing smooth shifting and continuous power distribution to the wheels, even during gearshifts. This available advanced technology contributes to improved fuel economy, performance and driving comfort.

9-SPEED AUTOMATIC TRANSMISSION: A unique offering in the small SUV arena, this available automatic transmission operates with precision when it's matched to the 1.4 MultiAir Turbo, 2.0 Turbo Diesel or 2.4 Tigershark. Its fine-tuned 9.79 ratio spread between gears ensures quick takeoffs and consistently refined performance with exceptional efficiencies through all gears, at all speeds.

EFFICIENT FROM ALL ANGLES: Renegade's profile is authentically rugged and athletic. Its unibody frame is comprised of a hybrid mix of lightweight materials, including aluminum, magnesium and high-strength steel, which aids efficiency, while helping to reduce cabin noise and adding a solid measure of safety.

PULL A TON OF TOYS: Outfit Renegade with the optional Trailer Tow Group and own bragging rights for up to 1500 kg with the 2.0 Turbo Diesel, a gooseneck hitch and 13-pin wiring harness. It's a must-have option for everyone who's got the stuff that makes doing stuff a lot more fun.

STOP/START TECHNOLOGY: Busy city traffic can take its toll on fuel consumption. With this available energy-saving feature, the engine will automatically shut off to help conserve fuel and reduce emissions. When the brake is released, or the clutch is pressed before selecting a gear, the engine immediately restarts. This technology is virtually undetectable and will not affect performance.

HILL DESCENT CONTROL: Monitors throttle, speed and braking when gravity's pull wants to take over. Brakes are automatically applied for a safe and smooth descent. Exclusive on Trailhawk®.

HILL START ASSIST: A standard feature that helps avoid rollback when starting on steep inclines by keeping the brakes applied, giving you time to transfer your foot to the gas pedal.

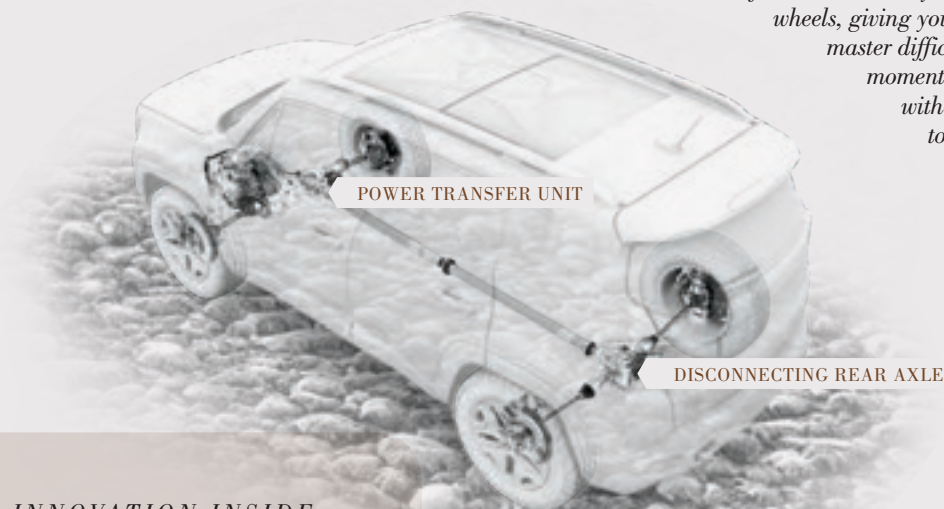

DISCOVERY BEGINS
HERE.

THE INNOVATION INSIDE
JEEP® ACTIVE DRIVE.

Both available Jeep® Active Drive 4x4 systems can keep you moving forward, even when just one wheel has traction. When this occurs, each available 4x4 system will automatically and seamlessly adjust to thrust a portion of the engine's power to the wheel (or wheels) with ground contact. This allows Renegade® to really grab on and keep you moving forward.

JEEP ACTIVE DRIVE: This fully automatic available 4WD system features a single-speed Power Transfer Unit (PTU) that combines authentic Jeep engineered capability with welcome efficiencies. It can seamlessly move out of 4WD and into FWD at any speed, thanks to the system's rear axle disconnect that operates in tandem with Renegade's available Selec-Terrain® traction management system's Auto mode. Under normal driving conditions, the front wheels provide most of the traction. If the front wheels begin to lose traction, power is shifted automatically to the rear wheels, giving you the ability to master difficult terrain at a moment's notice without needing to push any additional buttons or switches.

JEEP ACTIVE DRIVE LOW: Get tough on the ridges and rocks with Jeep Active Drive Low, a one-speed system featuring Hill Descent Control. Its gnarly low range delivers a Trail Rated® 20:1 crawl ratio. Exclusive on Trailhawk®.

SELEC-TERRAIN®
TRACTION MANAGEMENT SYSTEM

Every Renegade equipped with an available 4x4 system has a Jeep Selec-Terrain system, offering up to five settings of ultimate driving stability by coordinating various vehicle systems, including throttle, transmission, power transfer unit, traction control and Electronic Stability Control (ESC).¹

AUTO: In this mode, Selec-Terrain does all the work, automatically adjusting vehicle dynamics to best suit the road. To help ensure optimal efficiency, the rear driveline disengages when not needed.

SNOW: Adjusts for ultimate performance over snow- and ice-covered roads by maximizing vehicle stability and minimizing oversteer. Major systems auto-engaged and managed in this mode include antilock brakes and traction control.

SAND: The system converts to a uniquely calibrated Sand mode that utilizes aggressive throttle and upshift points to tackle looser, sand-covered surfaces.

MUD: Maximizes low-speed traction by allowing additional wheel slip via specifically tuned chassis controls, differentials and transmission ratios that are geared to successfully tackle mud.

ROCK: Delivers Trail Rated 4WD Low capability thanks to its locking rear differential, allowing you to crawl over rugged terrain at appropriately safe speeds. Exclusive on Trailhawk.

Properly secure all cargo. *Percentages based on averages when compared to "non-MultiAir"-equipped engines.

THE SUN, MOON AND STARS — ALL WITHIN REACH.

MY SKY® OPEN-AIR SUNROOF SYSTEM: Way more than a sunroof, this available innovation allows you to see more of everything. The system consists of two easily removable⁶ panels, optimally sized for flat storage in the cargo area. Panels are lightweight, strong and help maintain cabin acoustics. Each panel weighs a mere 4.54 kg and can be easily taken off and replaced by one person. My Sky® opens up your world and brings it all in.

DUAL-PANE PANORAMIC SUNROOF: For those who appreciate having a choice, this available sunroof offers breathtaking views, thanks to its power sunshade and fore and aft venting.

The available power retractable My Sky Open-Air Roof System operates like a traditional sunroof, allowing fore and aft ventilation of the front panel.

Park Renegade® and remove³ the front panel completely for a dose of fresh air. A special fob key releases the panels so they can be lifted out.

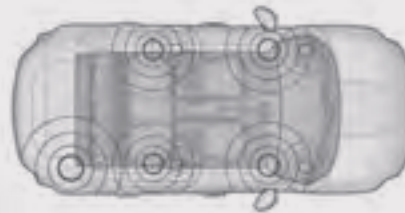

Manually remove³ both front and rear panels for a full-on open-air experience.

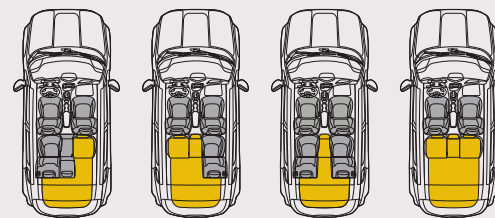

When you remove³ the My Sky panels, slip them into the included protective storage bag, which fits perfectly into the rear cargo area.

9-SPEAKER BEATS AUDIO™ PREMIUM SOUND SYSTEM: The available premium sound system maximizes every square centimeter with studio-quality sound from nine top-line speakers, including a 165mm 10L subwoofer in the rear. This eight-channel digital amplifier pumps out 400 watts of power that can definitely make your presence known.

ADJUSTABLE CARGO FLOOR: Renegade's available height-adjustable rear cargo floor stands ready to provide increased cargo space. Raise it up for easy, slide-in loading or lower it to have more room to carry taller items.

VERSATILE CARGO AREA: Renegade is ready to accommodate all kinds of cargo and passenger configurations with its interior volume and available 40/20/40 split-folding rear seat with pass-through. Turn down the “40/20” sections to carry a good amount of stuff in the back, leaving the remaining “40” section open for that much-needed third passenger — the one who's willing to carry the heavy loads.

ALWAYS THE RIGHT FIT.

TEK-TONIC STYLE: This unique cabin is designed with an array of textures, fabrics, soft-touch surfaces and anodized color trim. The standard cloth or available leather-trimmed seats are contoured and cushioned for cruising, accented with eye-catching contrast stitching, leather-trimmed seating with an available eight-way power-adjustable driver and front-passenger seats and available two-way power lumbar adjustment, for exceptionally comfortable adventures.

AUTO-DIMMING REARVIEW MIRROR: Reduce annoying and distracting reflective glare by simply pushing a button at the base of this available mirror.

MADE TO HANDLE IT ALL: Your Jeep® brand steering wheel arrives with standard audio controls and available stitch-accented leather wrapping, with buttons for available cruise, voice and phone control. You'll have hands-free⁵ access to vehicle performance data, and much more, too. Front-seat passengers can take hold of the grab handle, taken straight from Wrangler's legendary playbook.

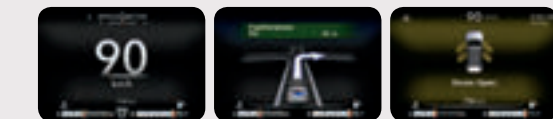

TEEMING WITH TECH: Innovation is everywhere you turn with an available premium 6.5-inch touchscreen radio system with navigation, Uconnect® hands-free⁵ communication and texting,⁶ and an available 7-inch full-color Driver Information Display (DID) cluster that puts an array of vehicle stats on your dashboard. One USB port is standard and another is available, so you can power up a number of devices.

UCONNECT® 6.5-INCH NAVIGATION SYSTEM: Access today's smartest communication technologies within a masterfully simple system. Voice Command⁵ allows drivers to stay focused on the road while using a full spectrum of Uconnect® services to communicate, navigate and access information and entertainment. Features include:

- 6.5-inch Color Touchscreen Display
- Voice Command⁵
- Hands-free⁵ Phone with Bluetooth®
- 3D Navigation with One-step Voice Destination Entry
- Media Hub (auxiliary input jack and USB port)
- Additional Remote USB Port located in Center Console
- Bluetooth Streaming Audio
- ParkView® Rear Back-Up Camera⁷
- Steering-wheel Controls Support
- Speed-adjusted Volume

DRIVER INFORMATION DISPLAY: Fingertip controls on your steering wheel can instantly scroll you through a selection of vehicle data displayed within your instrument panel on a 7-inch color screen. Information includes navigation, capability data, performance statistics, vehicle dynamics, alerts and more. Standard on Trailhawk® and Limited. 3.5-inch TFT high-resolution black and white cluster display standard on Sport and Latitude.

PARKVIEW® REAR BACK-UP CAMERA⁷: Back out safely with grace. This system with dynamic grid lines helps bring previously hidden rear objects to your attention, either on-screen or with an audible warning, in good time to react. Available.

UP TO 70 AVAILABLE SAFETY AND SECURITY FEATURES.

SIX STANDARD AIR BAGS⁸: Your sense of security is fully met with this all-around air bag⁸ system. Full-length front and rear side-curtain, seat-mounted side for front occupants, and Next Generation or Advanced Multistage driver and front passenger air bags⁸ all work in tandem to help provide encompassing protection. Standard. Driver inflatable knee bolster air bag⁸ is available.

ELECTRONIC STABILITY CONTROL (ESC)¹: A vehicle-wide network of safety sensors provides instant aid should they detect you're veering off your intended path. ESC¹ coordinates Electronic Roll Mitigation (ERM), Hill Start Assist (HSA), antilock brake system (ABS) and Brake Assist, all-speed traction control and Trailer Sway Control (TSC)¹, sending them into action when needed. Standard.

UCONNECT VOICE COMMAND⁵: Allows driver to safely send, reply to or listen to a text,⁶ take or make phone calls, request detailed information like fuel prices, get navigation directions and more while keeping both hands on the wheel. Available on Bluetooth-compatible smartphones.

RAIN-SENSING WINDSHIELD WIPERS: Storm clouds hold little influence over your daily drive. Front wipers activate when raindrops are detected. Available.

TRAILER SWAY CONTROL (TSC)¹: Crosswinds and traffic hold no sway over you and your payload. As part of ESC,¹ TSC¹ helps keep you and the toys you are towing safely on course. Standard.

ELECTRONIC ROLL MITIGATION (ERM): As an extension of ESC,¹ ERM employs ESC¹ sensors to anticipate potential risk situations. If things get rough, ERM takes immediate action to help you maintain stability and remain under control. Standard.

PARKSENSE® REAR PARK ASSIST SYSTEM⁷: Renegade® can help you park and back out with grace. This available system uses rear ultrasonic sensors to determine relative distance. Readouts in the Driver Information Display (DID) notify the driver of rear object proximity. Available.

CHASSIS STRENGTH: Renegade delivers exceptional peace of mind with a hero's heart — a strong unibody structure is constructed with nearly 70 percent high-strength steel. Standard.

BLIND SPOT MONITORING (BSM)⁹ AND REAR CROSS-PATH DETECTION⁷: These sentry systems constantly monitor the space between you and other drivers via dual wideband radar sensors located in the rear quarter panels. When a side or rear blind spot is encroached, you're notified via illuminated icons on sideview mirrors. Rear Cross-Path Detection⁷ notifies you of vehicles crossing your path when in Reverse or backing out of a parking space. Available.

PARALLEL AND PERPENDICULAR PARK ASSIST⁷: This helpful system uses front and rear ultrasonic sensors to help you ease into parking spaces. An active guidance system controls steering automatically, so you can park quickly without excess maneuvering. Available.

AUTOMATIC HIGH-BEAM HEADLAMP CONTROL: SmartBeam™ auto-dimming technology adjusts high beams to the surrounding sources of light, either from the headlights of oncoming traffic, or from the taillamps of a vehicle you're approaching from behind. Available.

WINDSHIELD WIPER DE-ICER: Maintain a clear view of the road ahead during snowy weather. Heating elements on the lower inside windshield glass help keep wipers free from ice and windshield clear for an unobstructed view of the road. Available.

LANESENSE® LANE DEPARTURE WARNING WITH LANE KEEP ASSIST (LDW+)⁴: The vehicle's lane position is monitored by a camera mounted near the rearview mirror and, should the driver drift outside of lane boundaries and no turn signal is applied or if the driver's hands are off the wheel, a visual warning is given through the DID and steering-wheel movement is felt. Available.

ADAPTIVE CRUISE CONTROL (ACC)¹⁰: Take the guesswork out of keeping a safe distance from the vehicle ahead while cruising on the highway. The system automatically adjusts cruising speed to maintain a preset distance between you and the vehicle in front of you. Available.

FULL-SPEED FORWARD COLLISION WARNING WITH ACTIVE BRAKING (FSFCW+)¹¹: Radar sensors and a forward camera detect when Renegade may be approaching another vehicle too rapidly and send an audible and visual alert along with a brake jerk if the driver does not react in time. Includes Advanced Brake Assist (ABA), which increases brake pressure if the driver isn't braking enough, and the Collision Mitigation System (CMS) reacts if the driver doesn't, which will actuate the brake system to avoid a collision. Available.

=====

HOW FAR WOULD YOU GO
if you could go anywhere?

=====

(1) No system, no matter how sophisticated, can repeal the laws of physics or overcome careless driving actions. Performance is limited by available traction, which snow, ice and other conditions can affect. When the ESC warning lamp flashes, the driver needs to use less throttle and adapt speed and driving behavior to prevailing road conditions. Always drive carefully, consistent with conditions. Always wear your seat belt. (2) Do not attempt water fording unless depth is known and consistent with the vehicle's water fording rating in the Owner's Manual. Traversing water can cause damage that may not be covered by the new vehicle warranty. Always off-road responsibly in approved areas. (3) Be sure to follow all instructions in Owner's Manual for removal of top and doors, and lowering of windshield. Driving with doors off and windshield down is for off-road use only. (4) This system is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and maintain control of the vehicle. (5) Requires a mobile phone equipped with the Bluetooth Hands-Free Profile. Visit UconnectPhone.com for system and device compatibility. (6) Voice Text Reply and Voice Texting features require a compatible mobile device enabled with Bluetooth Message Access Profile (MAP). iPhone and some other smartphones do not currently support Bluetooth MAP. Visit www.UconnectPhone.com for system and device compatibility. Ensure MAP is ON and incoming message notification is enabled. Vehicle must be registered for Uconnect Access and you must fulfill minimum subscription requirements. Also requires the use of a compatible smartphone that supports text messaging and Bluetooth. Check UconnectPhone.com for device compatibility. (7) Always look before proceeding. An electronic drive aid is not a substitute for conscientious driving. Always be aware of your surroundings. (8) The Advanced Front Air Bags in this vehicle are certified to the new U.S. Federal regulations for Advanced Air Bags. Children 12 years old and younger should always ride buckled up in a rear seat. Infants in rear-facing child restraints should never ride in the front seat of a vehicle with a passenger front air bag. All occupants should always wear their lap and shoulder belts properly. (9) Always check visually for vehicles prior to changing lanes. (10) ACC is a driver convenience system, not a substitute for active driver involvement. The driver must remain aware of traffic conditions and be prepared to use brakes to avoid collisions. (11) This system is not intended to avoid collisions on its own, nor can FCW detect every type of potential crash. The driver must remain aware of traffic conditions and be prepared to brake and steer to avoid potential collisions at all times.
